

SALTLINE FURNISHINGS

Timeless dining, lounge and occasional pieces in solid teak, designed for relaxed coastal living.

Catalog 2026

PRODUCT CATALOG

@saltlinefurnishings

THE RANGE

Solid teak, from one place.

Saltline pieces are named for the districts and villages of Central Java. Each is grouped into one or more of four collections, and every cushion comes in the same four fabrics, so pieces mix freely. Tap any piece in this catalog to see it online.

FOUR COLLECTIONS

Drift

Cove

Dune

Tide

FOUR FABRICS

Sea Salt

Sand Dune

Sea Fog

Driftwood

Solid teak

Every frame is solid teak from community forests in Central Java, with SVLK documentation on every shipment. Nothing in the range is veneer or an engineered substitute.

Woven rope

Seats and backs hand-woven in Viro HDPE rope — UV stabilized, and it sheds water rather than absorbing it.

Quick-dry cushions

Cushions are filled with quick-dry foam, so a chair caught in rain is usable again the same afternoon.

A brass plate

Every piece carries an etched, UV-protected aged-brass plate — a mark of where it was made.

SEATING

Sofas & Sectionals

Frames for the center of a terrace. Cushions are sold separately in four fabrics — see page 10.

TIDE

Jati Sectional Sofa

The largest piece in the collection — a U-shaped sectional that turns a terrace into a room. Deep seating and a low back, so it holds a conversation rather than lining everyone up facing a view.

Includes — a matching low teak table

COVE

Jaken Sofa

Three seats under one continuous curved back. Sold as a bare frame.

COVE

Jaken Loveseat

The Jaken curve for two, carried into the arms in one sweep.

TIDE

Jepara Loveseat

Sized to sit opposite a pair of single chairs across a low table.

DRIFT · COVE

Cepu Loveseat

Low and reclined, to face the Cepu chair around a fire pit.

SEATING

Lounge Chairs

Chairs for staying put. Frames are priced without cushions unless noted; cushions on page 10.

COVE

Jaken Lounge Chair

Back rail shaped from solid teak and carried into the arms in one curve.

DRIFT · TIDE

Jepara Lounge Chair

A resort lounge chair, generous through the seat and back.

TIDE

Jepara Lounge Chair Ribbed

Channel-stitched cushion that holds its shape through the season.

DRIFT · COVE

Cepu Lounge Chair

Wide and low-slung, for a terrace or poolside.

DUNE

Lasem Lounge Chair

Woven rope seat and back. Stays cool in sun; indoor or outdoor.

DUNE

Muria Lounge Chair

The Lasem frame, upholstered. Choice of four fabrics included.

TIDE

Blora Adirondack Chair

The deep pitch and wide arms of a classic Adirondack, in teak.

DUNE · TIDE

Blora Lounge Footstool

Matches the Blora chair; doubles as a low side table.

POOL & SHADE

Chaises, Benches & Umbrellas

Full-length loungers heavy enough that wind is not a consideration, and umbrellas with no aluminum or steel in the frame.

TIDE

Kragan Sun Lounger Wide

The Kragan, wider — room to stretch out sideways, or share.

TIDE

Kragan Sun Lounger

A full-length lounger built to stay outdoors. Wheels included, fitted if you want them.

COVE

Pancur Sun Lounger

Cushioned seat and back, sitting slightly lower for poolside use.

DUNE

Winong Bench

Woven rope seat, for an entry or one side of a dining table.

UMBRELLAS

Sluke Umbrella 86″

Teak and brass throughout. Shades a four-seat table. Canopy in four fabrics.

UMBRELLAS

Sluke Umbrella 99″

The larger Sluke, for a six- or eight-seat table. Canopy in four fabrics.

DINING

Dining Tables

Round and oval tops on pedestal bases — nobody gets the odd seat, and there is no corner to squeeze past.

DINING

Sarang Dining Table 96″

The largest Sarang, seating eight on the same ribbed pedestal base. Oval rather than rectangular, which keeps the ends usable, with an umbrella hole through the center so shade sits over the table without a freestanding base.

TIDE

Sarang Dining Table 48″

Round, on a ribbed pedestal base. Seats four.

TIDE

Sarang Dining Table 60″

The larger round Sarang. Seats six.

DINING

Sarang Dining Table 80″

Seats six, with an umbrella hole through the center.

DRIFT · DUNE · TIDE

Cluwak Dining Table 60″

Round, seating six — the better shape on most terraces.

DINING

Dining Chairs & Stools

Side chairs, armchairs and counter-height stools. Seat cushions for the Gunem and Kudus are on page 10.

DUNE

Gunem Dining Chair

Hiroshima profile: tapered arm and curved back, light to move.

DRIFT

Kudus Dining Chair

Tall-backed and stackable, with or without its cushion.

DUNE

Juwana Dining Chair

Rounded back in woven rope that gives slightly against the shoulders.

DUNE

Tayu Dining Chair

Woven rope seat and back. Armless, so it tucks fully under.

DUNE

Tayu Dining Armchair

The Tayu with arms, for the head of the table.

DUNE

Ngawen Counter Stool

Woven rope seat, open back. For a bar or outdoor kitchen.

DUNE

Pati Counter Stool

Enclosed round back, for a counter people sit at.

Woven rope

The Juwana, Tayu, Ngawen, Pati, Lasem and Winong are woven in Viro HDPE rope — nothing to bring in when it rains, nothing to store over winter.

TABLES

Coffee & Side Tables

Low tables to anchor a seating group, and side tables for a drink within reach.

DRIFT

Bulu Coffee Table

Long and low, built to run the length of a sofa or sectional.

DRIFT

Jepon Coffee Table

Small and round, for between two lounge chairs or on a balcony.

DRIFT

Bulu Side Table

Splayed legs with a low cross-stretcher. Pairs with the Bulu coffee table.

DUNE · TIDE

Japah Side Table

Sized to sit at armrest height beside a lounge chair.

DUNE

Jiken Side Table

Folds flat to store against a wall through winter.

COVE

Kayen Side Table

Deliberately plain, so it sits beside any chair without competing.

SETS

Complete Sets

The arrangements most terraces end up wanting, bought in one go. Dining and Blora sets come in your choice of cushion fabric.

SETS

Jaken 6-Piece Lounge Set

A full terrace in a single order — enough seating for six without anyone perched on the arm of something. Jaken frames are the most worked pieces in the range.

Includes — Jaken sofa, loveseat and two lounge chairs with Sea Salt cushions, plus the Bulu coffee table and Bulu side table

SETS

Gunem Dining Set 96″

Sarang 96″ table, 8 Gunem chairs and 8 seat cushions.

SETS

Kudus Dining Set 80″

Sarang 80″ table, 6 stacking Kudus chairs and 6 seat cushions.

SETS

Juwana Dining Set 48″

Sarang 48″ table and 4 woven Juwana chairs. Nothing to bring in when it rains.

SETS

Blora Adirondack Pair

2 Blora Adirondack chairs, 2 cushions and a Kayen side table.

CUSHIONS

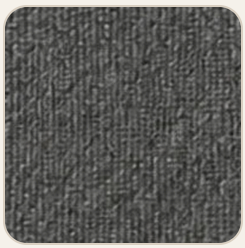

Cushions & Fabrics

A teak frame outlasts its cushions several times over. Every cushion is sold on its own, in four fabrics with quick-dry foam — so you can refresh a chair rather than replace it.
